

## HughesNet Gen5 for Business - Reseller Program

**Bringing the next generation of high-speed satellite Internet to your business.**

### Available Where You Do Business Today

Finally, your business can get high-speed connectivity, even if you're located beyond the reach of cable or are limited by slow DSL. Wherever your business is located, HughesNet® Gen5 provides a reliable, secure, always-on network that gives you instant access to the critical business information and applications you need—email, point-of-sale transactions, Web pages, sharing files, online videos, and more.

### 5 Reasons to Choose HughesNet Gen5

#### 1. Faster Speeds

HughesNet Gen5 is faster than ever, with download speeds of 25 Mbps on every plan.\*\*

#### 2. More Data

More data available during business hours, when you need it most—and lots of Anytime Data to use 24/7, day or night.

#### 3. Built-in Wi-Fi

Featuring the latest Wi-Fi standards and technology to easily connect your wireless devices.

#### 4. Available in More Places

HughesNet Gen5 is available wherever you do business—even where cable cannot reach and where T1 lines are too expensive.

#### 5. Trusted by More People

Your business can rely on America's #1 choice for satellite Internet.

[See reverse for plan details!](#)

\*\*Actual speeds may vary and are not guaranteed.

#### Right For Your Business

The great features don't stop at faster speeds, more data, and built-in Wi-Fi. Every HughesNet Gen5 plan comes with even more great benefits to help you get the most from your service.

Keep your business connected and growing with a generous amount of Daytime Data to help you get more done during standard business hours (8am-6pm Central), as well as a huge amount of Anytime Data that's available to use 24/7.

There are no hard data limits.† Even if you exceed your plan data, we won't cut you off or charge you more. You can stay connected at reduced speeds until your next billing cycle.

Plus, all plans include a commercial grade .98 meter satellite antenna designed to provide high reliability for small business use, and a commercial installation package tailored for business locations, such as office buildings, gas stations, strip malls, and restaurants.

#### Industry Leadership

Hughes® has three decades of experience delivering managed network solutions to Fortune 500 companies. Using that experience, Hughes created a robust suite of high-speed Internet plans specifically tailored for small and medium-sized businesses

With HughesNet for Business, you can seize new business opportunities, reach new customers, grow and thrive. Let Hughes—the industry leader in high-speed satellite Internet—put the power of broadband into your business.

# HughesNet for Business Internet Plans

Hughes Authorized Resellers can select from **15 service plans**, depending on the monthly usage allowance required.

**All plans provide minimum download speeds of 25 Mbps and upload speeds of 3 Mbps.**

<b>Business 35</b> <hr/> <b>10 GB</b> Anytime Data + <b>25 GB</b> Daytime Data (8am-6pm) <hr/> <b>35 GB TOTAL</b>	<b>Business 75</b> <hr/> <b>50 GB</b> Anytime Data + <b>25 GB</b> Daytime Data (8am-6pm) <hr/> <b>75 GB TOTAL</b>	<b>Business 300</b> <hr/> <b>250 GB</b> Anytime Data + <b>50 GB</b> Daytime Data (8am-6pm) <hr/> <b>300 GB TOTAL</b>	<b>Business 550</b> <hr/> <b>500 GB</b> Anytime Data + <b>50 GB</b> Daytime Data (8am-6pm) <hr/> <b>550 GB TOTAL</b>
--	--	---	---

- 1 The 13 plans offer usage allowance options of 3, 10, 35, 50, 75, 100, 150, 200, 250, 300, 350, 400, 450, 500, or 550 GB per month.
- 2 Stated speeds not guaranteed. Actual upload speed will likely be lower than speed indicated during peak hours. Download speeds may be temporarily slowed in cases when system usage exceeds the Data Allowance for an extended period of time. See the HughesNet Fair Access Policy for more information at [legal.HughesNet.com](http://legal.HughesNet.com).
- 3 To ensure fair Internet access for all HughesNet Gen5 subscribers, Hughes assigns a monthly Data Allowance to each service plan of the amount of data that may be downloaded or uploaded within a billing cycle. Visit [legal.HughesNet.com](http://legal.HughesNet.com) to learn more.

## Equipment Options

- Equipment can be deployed in either a fixed antenna or transportable configuration.
- Satellite antenna and outdoor unit (ODU) sizing is 98.m/1W for all service areas and plans. For higher availability, larger antenna options are available.

HughesNet Business Internet plans available only through the EchoStar 17 and 19 satellites, and cover the Continental United States, Alaska, and Puerto Rico. Contact Houston Media Systems for details. Coverage maps are located at [txdish.com/coverage/coverage-maps](http://txdish.com/coverage/coverage-maps)

## Trust the Industry Leader

You know you can rely on HughesNet Gen5 services because they come from Hughes, the world's leading provider of satellite broadband solutions, serving over a quarter of a million business locations nationwide. Hughes invented satellite internet and has been delivering managed network solutions to Fortune 500 companies for almost two decades. From this enterprise experience, Hughes developed a robust suite of internet access plans specifically tailored to the energy sector. Today Hughes is redefining the network with commercial-grade broadband solutions that are easy to implement and can grow as the customer's business grows.
